### TERMS OF SERVICE

#### Clarification of services

Asheville Compassionate Communication Center (ACCC) offers services in education and training. The teachings, instruction, advice, training, recommendations, counsel and referrals provided through written material, in individual coaching, through the 8 week course sessions and phone communications, are not a cure or remedy for physical or psychological problems. Information, education, instruction and coaching provide

or any relationships that currently exist between clients and their physicians, psychiatrists, or therapists. They are not an alternative to professional medical treatment. ACCC offers no clinical diagnosis of, or medical treatment for, any physical illnesses, mental disorder, or emotional dysfunctionality that an individual may have. Where the practice of Compassionate Communication is suggested in relation to well-being, it is done solely as education, coaching, mentoring and teaching.

#### Precautions and permissions

If you are under any prescribed medications or have any serious medical or mental problem—such as bipolar, anxiety, or personality disorders, heart disease, hypertension, chemical dependency, chronic pain, terminal illness, or any recent surgical procedures—please consult your treating physician, psychiatrist, counselor, or psychotherapist before applying for the course or scheduling a individual session.

If you are at all suicidal or at risk of hurting someone, we would like you to be in therapy with a local therapist who can assess you more completely than ever possible via the telephone, and who has the ability to intervene appropriately to protect you or others.

If you are applying for admission into the 8 week course and are presently under regular treatment of therapy (seeing your health professional at least once a month) we would like you to discuss your participation in the course with your primary therapist. We will ask if you have done this during the registration process.
